Please return to: Equip Ministries

I understand that workshop leaders for the Equip Christian Worker's Conference are volunteers; there is no stipend or honorarium except in the cases of keynote speakers or Saturday intensive seminar leaders.

I understand that the workshop committee will be selecting personnel and titles that will help provide a well-rounded, quality program schedule. Priority will be given to the workshops directly related to the training of Christian education workers. Notification of workshop selection will be sent in late October.

My workshop will be planned to fit in the 1 hour time slot, allowing time for prayer, taking questions, and passing out workshop evaluations.

I have read the EMA / Equip Ministries doctrinal statement. I agree that the material taught in my workshops at the Equip Christian Worker's Conference will be in keeping with said doctrinal statement.

I agree that my workshops are for the purpose of equipping Christian Workers for ministry and are not to be used as advertisements for any product or service. People may be invited to see our booth in the exhibit hall if they wish look at materials that can help them in their ministry.
